Date: 07/20/2010 11:30 AM

Dennis,

Thanks for your call.

Can you provide me with a plat map that illustrates boundary lines for all of the separate of parcels of land that are inside the following perimeters:

- * West of Cottonflat, and
- * South of Francis, and
- * East of W. Industrial Loop, and
- * North of I-20.

Also, please provide me with a listing of names and addresses for the current owners of each separate parcel.

What is the URL for the city web site that you were talking about that might help with this information?

Thanks again,

Bob Werner
